2014-15**

PROJECT DETAILS

Project Name : Regional Integrated Development Plans for Regions 1-7, 2014-15
 Client : City of Tshwane Metropolitan Municipality
 Project by : Akanya Development Solutions

PROJECT DESCRIPTION

The City of Tshwane adopted its Integrated Development Plan (IDP) in 2011 that mapped out the delivery agenda of the current term of office of the City for the period 2011 to 2016. Subsequently Akanya was engaged on the process of developing Regional Integrated Development Plans (RIDPs) for the establishment of seven (7) service delivery regions. These plans relay more detail on expenditure patterns at a regional level.

The first version of the RIDPs focused on presenting a concise view of the current situation in the region and its unique characteristics, current planning for the region, and planned project / budget implementation by City of Tshwane Departments in the region.

PROJECT OUTCOME

Following the compilation and approval of the RIDPs the City has as a result adopted an alternative service delivery model that is based on dividing the City into regions.
